

PORTABLE POWER

NOMAD
The power centre that can go anywhere.

NOMAD INTERCONNECTING LEADS

Supplied in two sizes – 32A and 63A and varying lengths to suit the layout of the construction site. The leads will interconnect the products in the Nomad range together providing a versatile power distribution system.

Nomad Interconnecting Leads are supplied with Mennekes IEC 60309 Plugs and Connectors and heavy duty XLPE Insulated Cable. For added protection against the rigors of construction site use the cable is screened.
